ALLERGEN INFORMATION

Jimmy John's serves from-scratch food made with excellent ingredients, and we are committed to providing you with the most up-to-date allergen and nutrition information from our suppliers.

Please note that because individual foods may come into contact with each other during preparation of your sandwich, and because of shared utensils and equipment, we cannot guarantee that our food is free from any allergens. If you have any special requests or concerns related to allergies or other dietary restrictions, please inform your cashier when placing your order.

This guide is updated periodically; we suggest you check back each time you order with us. Still have questions? Contact our Customer Service team [here](#).
